Venice Keeps Up Push for Underpass

Officers to Meet Again
Next Week with State
On Detailed Planning

Venice city officials and engineers are to meet next Monday with Illinois State Highway Department engineers and representatives of the H. W. Lochner engineering company to discuss detailed plans for the Broadway underpass project, Mayor John E. Lee of Venice told the city council members Friday night.

The meeting is to be held in the offices of Robert Krost, district highway engineer at French Village, and is to involve the scope of work to be done by the agencies involved.

The underpass is a joint federal-state project undertaken that will tie in with the Federal Aid Route 151 construction through the Venice area and the relocation of four railroads.

The Lochner firm, which prepared the state's 20-year overall highway program a year ago, handles engineering work for the Route 151 project. Mayor Lee said that the city's consulting engineers from the firm of Shepley, Morgan & Schwaab will attend.

Still Not This Year
The underpass project has not been included on the state's 1966 construction schedule and budget. The mayor said that he intends to discuss the matter soon with highway officials.

Mayor Lee also read to the council a letter announcing plans for a meeting of the policy committee of the recently organized East-West Gateway Coordinating Committee with state highway officials at French Village Tuesday morning. The letter said discussions will involve a request for a \$25,000 federal matching grant for planning purposes and several highway projects.

Welcomes Sign
The council approved a plan for erection of a wooden sign on McKinley bridge welcoming motorists to the city of Venice. Metal signs are too expensive. It was noted the sign probably will be changed when the underpass is completed.

Comptroller Carl J. Byrnes was instructed to draw up specifications to get bids for two new police cars. Maintenance costs have been running high on the present two-year-old squad cars.

The council authorized repairs to a city-owned building north of the McKinley bridge office on Main street to be used for storage of street department equipment. The action eliminated earlier plans to erect a small building. Jack Tolliver, Venice city engineer, said the building, now unused, could be suited to storage purposes for

Picket City Hall In Starch Strike; Meet Set Tuesday

(Picture on Page 14)

Ten pickets carried banners in front of city hall here today, urging Mayor Donald Parney to take steps in the prolonged Union Starch & Refining Co. strike and to "upgrade people first—alloys and streets next."

The demonstration came as negotiating talks of the Starch company and the striking Oil Chemical and Atomic Workers Union, Local 7-63, prepared to meet in St. Louis at 10 a.m. in the first meeting since Dec. 15.

The meeting was arranged by negotiators of the U. S. Mediation Service, St. Louis, where the meeting will take place.

Meanwhile, the fifth case of violence involving working supervisory employees of the starch company, occurred in Madison at 4 a.m. today when a shotgun blast blew out the window of the home of Stanley Lapinski, 47, 701 Lee avenue.

The shotgun fire damaged the drapes, a bookshelf, a clock and several knick-knacks in the living room. Lapinski told police that a 17-month-old baby was sleeping in an adjoining bedroom in front of a window only a few feet from the one which was shattered.

The homes of three supervisory employees of the starch company were damaged by shotgun and pistol fire early last week. Windows were blown out at two homes by shotgun fire and three bullets from a pistol were fired

Motorist Hits Drain Pipe at City Hall

Charges of destruction of city property and reckless driving were placed against Filbert Robert, 44, of St. Louis, whose auto struck and broke a drain pipe in the Madison city hall building and also knocked down a no-parking sign about 3 a.m. Sunday.

Salvage made it convenient for Madison police as the damage was at the corner of the city hall building near the entrance to the city station. He was driving south in the driveway alongside the city hall when the accident occurred.

Driver Flees on Foot After Multiple Crash

Police are searching for the driver who abandoned an auto after it had knocked a parked car across the street and went through a yard and crashed into the corner of a house in a residential block of Carlson avenue about 8 p.m. Saturday.

The abandoned auto belonged to Frederick and Wanda Myer, 1846 Bremen avenue, who said it had been stolen off the Bow

Pre-Natal Course for Expectant Parents

Pre-natal classes for expectant parents will begin Feb. 1 under the supervision of Mrs. Alberta Ramsey, supervisor of obstetrical service at St. Elizabeth Hospital.

Both the mother and father may obtain further information for the classes by telephoning the education department at the hospital. The classes will be held at 7:30 p.m. on Feb. 1, 8, 15 and 22 in the Tri-Cor Medical building, 21st street.

There is no charge and no pre-registration is necessary. An optional class is planned for early summer.

4 DAYS WITHOUT A QUAD-CITY TRAFFIC DEATH

The Granite City park district officially became owner of the downtown post office site Friday afternoon when the deed to the property was received from the federal government's General Services Administration.

Barry Loman, president of the board of park commissioners, immediately presented the deed to the board's attorney, Randall Robertson, to have it recorded so that razing of the old post office can be started immediately.

The demolition can be started as soon as weather permits, possibly even this week, Loman said.

9 Hurt As Auto Crash Totals 31 on Weekend

Multiple Injuries of
Three or More Occur
In Four Area Mishaps

Nineteen persons were injured in weekend traffic accidents in the Quad-Cities area. A total of 31 accidents was reported to authorities in nine of the mishaps. Pavement was blamed for most of the crashes.

Four of the accidents in which drivers or passengers were hurt were multiple-injury cases involving three or more injuries.

Five Hurt in Madison

Five persons, including two small children, were injured in Madison at 1:50 p.m. Thursday when cars driven by Ronald Brazz, 17, of 486 Lake street, and Mrs. Bernadine Shellen, 65, of 803 (retr.) Grand avenue, collided at Tenth street and Grand avenue.

Melva Ann Shellen, three, daughter of Mrs. Shellen, and passenger in the Shellen car, were thrown from the car into the street. Another daughter of Mrs. Shellen, Helen Rene, six, complained of a headache after the crash, and was treated at St. Elizabeth Hospital where all five persons involved in the accident were taken.

Elizabeth, son of Nantoni Township Supervisor and Mrs. Harry Briggs, was admitted to the hospital after treatment for a hematoma and cuts to his head, but was released Friday. Melva Shellen was treated for small forehead and abrasions to her forehead and arms. She was released after treatment of cuts to the fingers of her right hand and pain to the chest. Mrs. Shellen was referred to a physician for x-rays.

According to police Briggs' car was headed east on Tenth street, and Mrs. Shellen was traveling south on Grand.

3 Hurt on Highway

Three persons were injured in a program work of the Illinois State Police on Jan. 22, 1966, at 1211 Garfield avenue. The accident was caused by another driver by Gary Metcalf, 24, of 2019 Hildebrand street, who was driving north on the Route 270 underpass south of Madison. A blowout was blamed.

The injured were taken to St. Elizabeth Hospital where they were admitted with a hematoma and abrasions to his forehead, abrasions to both knees, cuts to his upper lip and scalp. Metcalf received treatment, but a passenger in his auto, John Hoot, 13, of East St. Louis, who was admitted with cuts to his nose, forehead and right cheek and abrasions to his right knee.

The accident occurred when the Metcalf car had a blowout and veered into the wrong lane, it was reported.

3 Hurt on Route 270

Three persons were hurt about 5:30 a.m. Sunday when an auto driven by Ronald Buckingham, 24, of Edwardsville struck a railroad car on the underpass at State Route 270 at Mitchell and overturned.

State police said the auto was eastbound and struck the eastbound car on the east side of the overpass.

Grand Jury Convened

A new Madison county grand jury convened today in circuit court at Edwardsville. From 25 to 30 persons were viewed and considered, in addition to routine inspections of county buildings.

Park District Gets Deed; Now Can Raze Old Post Office

Contract of little over a half-acre were donated by interested business men and individuals for an amount of \$20,000 was raised for the \$22,800 site and purchase and removal of the building.

Preliminary sketches for development of the tract—bounded by Niedringhaus, Delmar and Madison streets—were viewed last week by the commissioners and interested parties.

Plans call for preservation of most trees and flowering bushes by graduate students of Southern Illinois University's department of recreation and outdoor education.

Guard Beaten

Another case of violence occurred in East St. Louis Thursday night when Harold L. Price, 40, of 1730 North 25th street, East St. Louis, reported he was beaten by two men who forced his car to the curb at Ninth and N. 25th avenue. Price told police the men broke the glass out of his door window and beat him about the head with their fists.

Price is a guard at Union Star & Refining Co. as an employee of the Pinkerton Detective Agency. He was bruised about the face and head, but returned to work Friday. The beating occurred shortly after 7 p.m.

The detective said he was unable to identify either of the two men or their car, to which they sped away after striking Price several times.

The demonstration at City Hall began at 9 a.m. today. According to a spokesman, the demonstrators represented "citizens" and striking union employees.

'Stormy Harvill' Shot to Death

George A. "Stormy" Harvill, reputed right-hand man for racketeer Frank "Butser" Workman of East St. Louis, was shot to death early Friday morning outside the home of his blonde ex-wife in Caseyville.

Police arrested ex-convict John R. Rooney, 31, formerly of Chicago, at the scene, where officers found him standing over Harvill's body with an empty .45 caliber revolver in his hand. Three plugs struck Harvill in the face and head and four others in the back.

The shooting occurred, officers said, when Harvill, who had waited near the home of his former wife, Mrs. Anita Sarno, 31, accused Rooney and Mrs. Sarno as they arrived at the house together. Mrs. Sarno is the mother of two children by a previous marriage.

Harvill is the third associate of Workman to be slain in three years. Melvin Beckman and Elmer Dutch Dowling were shot to death along a secluded country road near Belleville in 1962. Their killers never were found.

Harvill had a long record of arrests and was indicted in Madison county for the 1965 murder of taxi cab driver Bobby Carr, whose body was found stuffed in the trunk of a car, but the case never was prosecuted by the Madison county state's attorney's office. He also had been evicted from Fairmont Race track in Madison county because of his hoodlum tactics.

Fraudorf Urges Qualified Person For Next Sheriff

Sheriff Barney Fraudorf is urging that a qualified professional policeman be elected as the next sheriff of Madison county.

He said residents of the county "want good police protection, and only a dedicated professional policeman can fulfill this job and keep it on an even keel."

Fraudorf, former Madison police chief who is ineligible to succeed himself under state statutes, cited improvements made during his term of office and was critical of previous practices.

His predecessor, now county treasurer George Musso, is planning to run again for the office of sheriff in the April primary elections.

Fraudorf, who did not endorse a specific candidate, said "I would hate to see the sheriff's office of our great county go back to the old days when there were no reports made properly, few records kept and no efforts made to get things done."

"In the processing office, documents were not entered in the books properly, they did not work closely with the state's attorney and the courts, where the county jail was loaded with people who didn't have a home, and young offenders were forgotten about."

He said that as a working sheriff, he has established a records section in the county jail, set up rules for the prisoners and employees, modernized the process, established an investigation section, set up a special training program and built a shooting range.

He said the next sheriff "should be physically able to do the job because of the many of the age in the sheriff's department."

Depot Workers Win Suggestion Awards

Four employees of the Granite City Army Depot have received awards in the depot's suggestion award program, and one of them was named suggestor of the month.

Elmer Taylor, 204 Kerr street, Venice, was named suggestor of the month and given a check for \$70 for his suggestion which resulted in a savings of \$781 by eliminating the use of individual job time tickets. He has been an employee at the depot since January 1951.

William E. Kiphart, 2737 Ralph street, received an award for a suggestion to install a vise in a pickup truck to eliminate travel time for mechanics. An award was presented Louis Trgovich, a mobile industrial mechanic of 3005 Sunbury avenue, for a suggestion of an improved method of repairing a jeep clutch.

The other award was given by Leonard M. Tayon, 1835 Edison avenue, a quality control inspector, for a suggestion improving ordering procedure for containers. Tayon has been a depot employee for 20 years.

'Y' Pre-Kindergarten Visits Super Market

The YMCA pre-kindergarten center children took one of a series of "My Town" visits last week at the local A & P market.

The group of four-year-old boys and girls were directed through the store by Edw. Stone, manager, touring all departments from meat cutting and packaging to storage of goods and sales.

The class was accompanied by David Walker, "Y" youth director, their teacher, Mrs. Mildred Hoelscher, and by Mrs. Carol Wellman, who is preparing to begin a new class on Feb. 1.

To enroll, a child must be four by Jan. 21. The maximum enrollment for all classes is 15 youngsters. The center is licensed by the state and is attempting to work closely with local educational facilities. A detailed brochure is available at the "Y" youth department.

Madison Lions to Honor Trojan Gridders at Dinner

Varsity football players on the 1965 Madison Trojan squad and their coach, Glen Pickering, will be honored at a dinner Thursday, Feb. 3, sponsored by the Madison Lions Club.

Plans for the annual affair were discussed Thursday evening at the club's weekly dinner meeting, held at the Sportsman's Club, Tenth and Iowa streets.

Featured speaker on the program will be Larry Wilson, defensive standout for the St. Louis Football Cardinals. He was announced by George Dillard, banquet chairman. He added that should Wilson, who currently is on the west coast, prove unavailable, last year's sports celebrity guest, Monk Bailey, also a Cardinal defensive half-back, has agreed to appear in his place.

Arrangements also were completed for the club's annual "Sweetheart Dance," to be held Friday, Feb. 11, with Ronald Grzywacz to serve as general chairman.

Walter Gavlick, Lions president, was in charge of the meeting, attended by 28 members.

Harold E. Briggs, Mitchell grade school principal, who holds the rank of major in the Marine Corps Reserve, will present a program of films at this week's session, it was announced.

Discussions of the annual wrestling clinic and a report on the American Vocational Association also are on the agenda.

Shorter Agenda for Tonight's Session of the GC Council

A shorter agenda faces Granite City's aldermen for tonight's 8 o'clock meeting, but several of the debates that were anticipated last week may well crop up tonight.

Intended for presentation is an ordinance revising and extending the one-way street system, a report and possible recommendations by a consulting engineer, other recommended traffic control changes and more reports on the Nameoki road and the Maryville road improvement.

Other items listed on the 2½-page agenda are— Appointment of a civil defense advisory council; proposed annexation of 25 acres to Ponton Plaza, proposed commercial rezoning by the Board of Civil Service Examiners; it was announced today.

The jobs and their hourly pay scales are brakeman, \$2.87; locomotive engineer, \$3.13; and conductor, \$3.25, will be at the Granite City Army Depot, Information or application forms may be obtained from the Board of Civil Service Examiners at the depot, or at any U. S. post office.

Routine Business On School Board Agenda
A proposal to rent space at the Northwestern Methodist church for the annual elementary school science fair and a discussion of salary schedule adjustments will be among routine issues to be discussed by the Granite City school board in a meeting Wednesday starting at 7 p.m.

Rental of space for the science fair is being considered because of inadequacy of previous locations used for the annual event. The board also is scheduled to award a bid on dish washing equipment and to discuss the American Association of School Administrators meeting.

Discussion of the annual wrestling clinic and a report on the American Vocational Association also are on the agenda.

Car Hits Pole, Wire
A car driven by Robert D. Abel, 4117 Breckenridge avenue, ran off the County Road in Venice at 10:45 p.m. Thursday and struck a utility pole and guy wire. Abel's car was damaged extensively, Venice police reported, and had to be towed away.

Abel told police he was headed north on County Road when his right wheels went onto the soft shoulder of the road and caused him to lose control.

Woman Loses Handbag
Nora Shedd, 2430 Lincoln avenue, reported at 3:20 p.m. Thursday that she lost her black suede handbag containing \$8 and papers.

COL. R. P. STRANGE

Col. Russell Strange To Leave Air Force

Colonel Russell P. Strange, formerly of Madison and Granite City, now professor of Air Force, aerospace science and commander of the Air Force Reserve Officers Training Corps at the University of Illinois at Urbana, plans to retire from active military duty at the end of the current academic year and go into business in Champaign as a public policy consultant.

His retirement will end a 24-year military career from private to colonel. In his new work, Strange will devote full time to problems of education in Illinois, teaching and public policy research. He has had a dual career as educator and Air Force executive, serving in both capacities in Japan, the Pentagon and elsewhere.

Col. Strange is a native of Granite City and alumnus of the University of Illinois. He has a doctorate degree in government and politics. He returned to the U. of I. to head the Air Force ROTC in 1963.

He is widely known throughout the state for his work with youth, having been active with Boy Scouts, Girl Scouts, Rainbow Girls, DeMolay and Boys State in addition to teaching for the past 14 years.

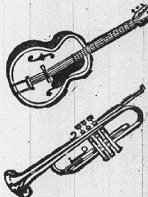

DWI Charge Filed

The right front of a car owned by Jerry Watson, 2406 Grand avenue, parked in front of his home, was struck by an auto driven by Ernest J. Williams, 2724 Harvey place, at 7:50 p.m. Thursday. Williams was charged with driving while intoxicated.

VA Reminds Veterans Of Feb. 1 Deadline

Just a few days remain for several thousand tardy Illinois pension recipients to return the income questionnaires they received from the Veterans Administration along with their November checks.

If the annual report hasn't been filed with VA by Feb. 1, suspension of the monthly pension is automatic, John B. Naser, manager of the Veterans Administration regional office in Chicago, warned today.

VA needs the annual income report to determine if the pension should be changed or discontinued on the basis of outside income which is limited by law.

Punch card questionnaires were sent to 100,704 veterans or their beneficiaries in Illinois and three northern counties of Indiana, Naser said.

For the first time, the return address on the card was that of the Data Processing Center in St. Paul, rather than in Chicago. This was done, the manager explained, to facilitate handling of the great majority of cases which required no changes. Naser said that 15,700 reports have been forwarded to the Chicago regional office for possible adjustments, which have all been reviewed.

It's the late mailers who bother VA. Each year, the Chicago office has to suspend several thousand payments simply because the pensioners mislaid their cards or forgot to return them. Under the law, the rule is hard and fast: no report, no pay, and the suspensions stay in effect until the card is received by VA, Naser emphasized.

Strackeljahn Building Sold; Plan Remodeling

The two-story brick building at Delmar avenue and 21st street has been sold by the estate of the late Mrs. Margaret Recklein to Mr. and Mrs. Alan C. Beck, 2330 Delmar avenue, who purchased the building for investment purposes.

The transaction was handled by Clarence Boettger of the Steele Kunnemann Agency. Amount of the sale was not disclosed. Sale of the property was made by the Recklein heirs, Mrs. Anna Lois Teaney and Mrs. Margaret Whaley. The property has been known as the Strackeljahn building.

Extensive remodeling of the building is planned. The building has three apartments upstairs and houses the L. & O. Confectionery, operated by Mr. and Mrs. Orville Whiteside and the Clean Towel Service on the first floor. Remodeling work is to get under way within a few weeks, according to the real estate agency.

Farm Bureau's 50th Anniversary Program

Several Madison county farmers are expected to be among more than 7000 Illinois Farm Bureau members Wednesday who will observe the 50th anniversary of the Illinois Agricultural Association in ceremonies at the University of Illinois, Champaign. Founded on the Illinois U. campus Jan. 26, 1916, by farmers from 11 Illinois counties, the IAA has since grown to become the largest state general farm organization in the nation.

Principal speakers at a luncheon and plaque dedication will be Gov. Otto Kerner and Charles B. Schuman, a Mendota county, Ill., farmer and president of the American Farm Bureau Federation.

A special program is slated to be held at 2 p.m. in the university's Assembly Hall, including a film reviewing the past 50 years of service provided by the IAA and glimpses of future developments in farming.

Man Fined \$20, Costs

Gerold DeMontmolin, 42, of Pontoon Plaza, was fined \$15 plus \$5 costs Thursday in municipal court on each charge of intoxication and creating a disturbance. He was arrested Wednesday.

Solutions to Retail Problems To Be Presented by Meek

Solutions to area, state and national retail problems will be given by Joseph T. Meek, president of the Illinois Retail Merchants Association, who will speak here Feb. 8 at the 60th annual Associated Retailers general membership dinner.

Tickets are available at \$4 for the dinner to be held at 7 p.m. in the Rose Bowl restaurant. In addition to the talk there will be installation of new officers and directors. Tickets may be obtained by telephoning the Retailers Association office.

Meek, who is nationally known as "Mr. Retailing," head the IRMA with nearly 40,000 merchant members. He also is past president of the American Retail Association Executives.

During war II, Meek opposed costly and punitive controls imposed on the free enterprise system. He is a lifelong advocate of business participation in practical politics. He won the Republican nomination in 1954 for the U. S. Senate in a field of nine candidates and then lost to Senator Paul Douglas.

Meek was graduated from Simpson College at Indianola, Ia., in 1924. He was twice captain of his college football team and was all-Iowa tackle in 1922 and 1923.

Warriors Fall To Kahoks; Rebound To Upset Quincy

Ripka, Moore, Hentzel Wortham Spark Granite Against Quincy Saturday

Granite City's Warriors lost to Collinsville, 70-54, in a home game Friday, and then completely changed personalities, and downed the Quincy Blue Devils, 64-36, Saturday night in another home contest.

For the Warriors, the Collinsville loss was their fifth conference setback against two wins, while the pair of games lifts

Quincy Game 'Overall Team Improvement'

Warrior coach Ralph Sackett was a man of words Saturday night after his Warriors upset the eighth ranked prep basketball team in the state.

"We played extremely well. Our whole scope of playing was improved," he said.

The Warriors pinned a third loss on the Blue Devils, who went into the game with a 12-2 overall season mark and a fourth place state ranking according to the United Press International poll.

"We had a great amount of defensive improvement. We used the press well, rebounded well, and forced them to commit mistakes," Sackett said.

"Free throw shooting was really improved. What did we make? Twenty out of 28, or something like that? Against Collinsville, we were 14 for 22. That's an improvement, wouldn't you say so?" Sackett questioned.

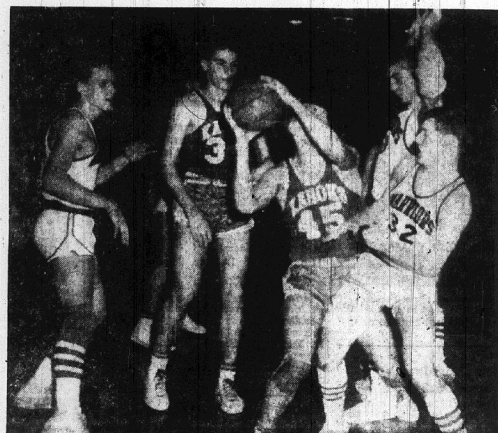

Another improvement in playing that the new Granite City coach spoke of was the lack of personal fouls called against his crew.

"We kept from fouling, and this was one of our big problems in the past," Sackett said.

But the finest thing about the game said, was not by Sackett, but by Quincy coach Sherrill Hanks. "Fine job, Ralph," said the widely known and respected figure in the prep coaching spotlight.

Hanks complimented Sackett on his job of coaching the Warriors in the game, and on the job he is doing over the season.

Cold Madison Stopped Cold at Edwardsville, 78-64

CLOSELY GUARDED Dennis Arnold (45) of Collinsville aims for the net, as Granite City's Jim Stuart (23) uses a hip and Terry Moore (50) jumps high to block the shot. The shot was missed and a foul called on Stuart, as the Kahoks beat Granite City, 70-54 Friday night.

Error in Scoring Granite City Declared Tournament Champions

Following much figuring, refiguring and more of the same, Granite City's defending state wrestling champions were declared the winners of the Hazelwood (Mo.) Invitational Quadrangular tournament Saturday night.

An error in the running team and individual totals, prompted a premature announcement to the nearly 500 fans that Hazelwood had edged the Warriors, 69-56.

But, after checking the score, the announcement was made that Granite City won the meet. The fans meanwhile had left the gymnasium.

The score that was finally announced was 61-57, but this seemed to be in error also, so the unofficial score compiled by Warrior coach Bill "Red" Schmitt and his staff is 61-59.

The error occurred in the 138-pound weight class, when officials failed to declare Granite City's Mike Andria the winner. After checking, it was found that Andria was that weight class champion, and a transfer of points was to be made.

In the transferring of the points, the error was created. The other two schools were Normandy and McCluer, both of St. Louis, and they finished third and fourth with 36 and 31 points. Their totals are official.

The meet appeared to be a runaway for the Warriors as they took championships in the first three weight classes and added two more in the middle weight classes.

Granite City posted five individual champions, Normandy had four, Hazelwood two and McCluer one.

Individual class champions for Granite City were 86-pounder Bill Fuchs, 103-pounder Joe Martinez, 112-pound Mike Reynolds, Mike Andria at 128, and Jim Valicoff at 145 pounds.

The unblemished record of the state meet, continued as he pinned all three of his opponents in the meet. He now has an overall wrestling mark of 23-0 for the year.

Andria boasted his record to

Braves Sweep Pair of Mat Victories

Coolidge wrestlers won two away matches at Belleville, 29-15, Thursday and Friday afternoon.

The Braves won all but one individual match against the Maroons. Those scoring pins for Coolidge were Bob Miller, Greg Homeyer, Dennis Hedman, Dennis Garver, Phil Melson and Tim Wallace.

Decision winners were Ed Milton, Tom Nabur, Chuck Campbell and Jim Rollins. Bob Pates won on a forfeit, while Chris Hamilton was disqualified to give Belleville their five points.

Tim Wallace lost his first match of the year on a 6-2 decision against Northwest Friday night. Braves who scored pins were Ed Milton, Greg Homeyer and Chris Hamilton. Bob Miller, Jim Rollins and Dennis Garver won on decisions. Chuck Campbell won on a forfeit.

Tom Nabur, Phil Melson, Bob Pates and Wallace lost on decisions, while Dan Hodge was pinned for Coolidge.

The pair of mat wins leaves the Braves with a 10-1 season record as they prepare to entertain Belleville at home Thursday night.

Red Devils Trip Worden By 19 Points

Venice's Red Devils tuned up for their apparent showdown with Bunker Hill on Feb. 4 by downing the Worden Trojans, 90-71 at Worden Friday night.

By virtue of the win, Venice pulled to within one game of Bunker Hill with a 6-1 conference mark. The Minutemen, who were in a non-conference tournament over the weekend, hold a 7-1 league mark.

Venice had little trouble taking a 23-17 lead after the first eight minutes of play then stretching the score to 45-34 at halftime.

The Red Devils scored six quick points early in the second quarter, and piled up a lead as big as 24 points at one time during the contest.

Percy Dillon, Venice's pivotman, scored 17 of his 19 points during the second half, while ball-handler Rich Essington was the game's high scorer with 26 points.

Worden Press Falls
Worden's full-court press failed to stop Venice's squad, as Essington found men in the open and shoveled passes to them. He was credited with a number of assists during the game.

Venice moved the ball well, and shot over the 50% mark, as four Red Devils hit in the double figures. Besides Essington and Dillon, Johnny Gardner and Jerome McGlone had 21 and 18 points each.

"The game was a good one for us, and now we're back in form," said Venice coach Bill Ohlendorf. The Devils' mentor added that the offense looked good, but at times, the defense faltered a little.

"We got a little sloppy there in the third quarter," Ohlendorf said. "The kids wanted to play, and we were ready for this one," he added.

The win leaves Venice with a season record of 16-1, while Worden is now 4-4 in the conference.

A course in lifesaving and water safety will begin Wednesday at the local YMCA. The three-hour classes will meet for seven weeks at 7 p.m.

Included will be one hour of theory and group instruction and two hours of water work in the pool, each session.

The class will be taught by a Red Cross water safety instructor, and the fee will be \$10.50 per person.

'Y' Swamp Angels Sink Jacksonville Team

The Granite City Swamp Angels swimming team continued their perfect ways by downing Jacksonville, 376-198, in mixed competition at Jacksonville Saturday.

Nine swimmers won first places, and they are Pat Derck, Ann Bickhaus, Mike Haag, Mark Beal, John Shimkos, John Cygan, Ricky Hemyzel, Cindy Blume and Diane Thompson.

Score Only Six Points in Second Quarter

Edwardsville's height advantage accounted for a 78-64 win over the visiting Madison Trojans at Edwardsville Friday night.

Madison looked good at times, and then ran into cold spells; as they trailed the home team by two at the end of the first period.

The second quarter could have been played over, as far as the Trojans were concerned. Madison scored only one field goal and four free throws for six points in that period, and quickly fell 15 points behind Edwardsville at halftime.

A re-born Madison team came out of the dressing room at the start of the third quarter, and Earl McClanahan's crew poured in 29 points to cut the Trojans' lead to only four points by the end of that period of play.

But then the Trojans hit another cold spot, scoring only 12 points to Edwardsville's 22 in the final period of play.

To make the burden even heavier for the Trojans, Ron Burt and Dale Turner fouled out of the game. Turner netted only 14 points for the evening on three baskets and eight free throws. Burt had contributed 10 points to the Madison cause.

Edwardsville's superior height advantage enabled them to destroy the boards, and get many extra shots during the game. The Trojans' pressing defense, slowed Madison down a little.

Neil Podoba, who had been out of action due to a fracture of the elbow, returned to the line up, but his timing and play was rusty due to his absence.

Paul Lusk, who had been off the team for most of the first half of the season due to disciplinary actions, returned to the lineup and played briefly.

His little brother, Gary, was the high scorer of the evening for Madison as he netted 20 points, and Alton Rendell scored 14.

Fred Crook, a 5'8" senior guard, was top scorer in the game with 23 points for the Edwardsville Trojans.

The game left Madison with an 10-5 season record, while Edwardsville is 8-6. The Trojans play next at Triad Tuesday night.

EDWARDSVILLE 78, MADISON 64
Individual Scoring: Edwardsville—Crook 23, Spiller 17, Moore 13, Jackson 10, Deane 10, Lusk 10, Rendell 14, Turner 10, Burt 10, Groff 3, Podoba 2.

Braves Win Two Of Three Games From Tigers

Three players hit double digit figures, as the ninth grade basketball team at Coolidge defeated Edwardsville junior high, 71-67 at Edwardsville Thursday night.

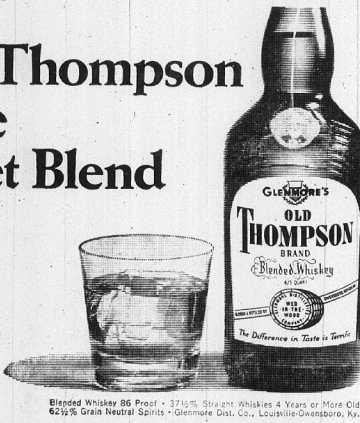

John Van Buskirk led the Braves with 22 points, while teammates Gene Livingston and Gary Simpson added 19 and 18 points.

Tim Moore continued to lead the eighth team, but in a losing cause, 31-29. Moore had 10 points, as the eighth graders could not overcome a 15-4 halftime deficit.

The seventh grade won a home contest with Edwardsville by a narrow two points, the second time in two weeks they beat the Tigers by a two-point margin. Coolidge won 25-23.

Uebel, Jaihr Place First in AAU Meet

Two boys on the local YMCA swimming team took first place in individual races at the AAU Junior Olympic swimming finals Sunday, in St. Louis.

Deane Uebel and Harold Jaihr were the two first-place winners. Uebel won the boys 15-17 50-yard free style race with a time of 23.4 seconds. Jaihr took top honors in the 100-yard butterfly event with a clocking of 1:04.6 for boys 15-17.

Pat Durek, of Granite City finished second in the 100-yard

butterfly race for girls 15-17 with a time of 1:20.7. Five local swimmers placed third in their races, and two finished fourth.

John Teague finished third behind Uebel in the 50-yard free style race with a time of 27.7 seconds. Ann Bickhaus recorded three third place finishes for the meet. She was third in the 50-yard free style for girls 11-12 with a time of 29.8 seconds; third place in the 100-yard breast stroke race in 1:24.2; and third in the 50-yard butterfly event in 32.1 seconds.

MORE ABOUT

GC Declared

22-1-1 with two decisions and a draw. According to the meet rules, there were to be no overtime periods to decide tie scores at the end of regulation wrestling. Therefore, the majority of the wrestlers in the meet received draws instead of wins or losses.

According to Schmitt, the meet officials used what is known as the International Scoring System, and apparently they were not familiar enough with it to accurately state the final score that night.

It was the second victory in as many years for Granite City in the annual event.

Schmitt noted that if the meet had been a dual match between Granite City and Hazelwood, the Warriors would have lost, 21-20.

He also stated that the dual meet scoring system were used in the quadrangular meet, that Hazelwood and Granite City would have tied for the team title with 75 points each.

Granite City 61, Hazelwood 59 (unofficial team totals).

St. Louisans Take Slot Car Trophies

St. Louis racers continued to dominate the top events in the last week of the Louis weekly slot car competition at the Tri-City Miniature Speedway Sunday.

Don Gorbs of St. Louis won first honors in the top eliminator place in two pro division races.

Bob Hogan of St. Louis won all honors and set a new track record in the Sports and GT class of the pro division. He established a new track record of 6.0 seconds,

slightly ahead of the 6.1 mark set in the last week. Bill Leaders of St. Louis finished second, and Joey Howard of Granite City was third.

Hogan won the top eliminator honors of the day, while Lavant Taylor was little eliminator. Taylor also took honors in the Hot Rod & Super Modified class for amateurs, and Bill Barton was second in that class.

In the Pro division's Hot Rod & Super Modified class, Dick Hardesty of Wood River was first, Earl Marks and Jim Converse of Granite City were second and third.

Geneva Converse won the Power Puff Trophy for the day's events for women.

Webster Downs Prather Twice

Webster junior high of Collinsville handed Prather two basketball losses at Prather Thursday night.

The Chiefs lost a ninth grade game, 65-54, and an eighth grade contest, 35-20.

Webster's Thomas poured in 36 points to lead the ninth grade in downing the Chiefs. Roger Belshe and Nelson Hediger were top scorers for Prather with 23 and 17 points. The ninth grade now has a season mark of 6-5.

In the eighth grade contest, Mark Dawkins led Webster to its win, while John Winfield netted eight points for Prather. The eighth grade squad is now 2-10 on the season.

EIU Cager Fourth in District 20 Scoring Race

Larry Miller of Eastern Illinois University is currently fourth in the NIAA District 20 scoring race with an average of 18.9 points a game.

Miller also is fifth in the ranks of best free throw percentages, with a mark of .780, making 71 charity shots in 91 attempts.

Medical Plan Submitted

The 17th annual state plan for construction of a hospital and medical care facilities was submitted to the Surgeon General, U. S. Public Health Service, by Dr. Franklin D. Votter, director of the Illinois Department of Public Health.

The plan, which is expected to be approved within 30 days, describes the need of Illinois communities for modernization and expansion of their hospital

and medical care facilities. Approval of the plan will enable the Public Health Department to obtain \$8,374,671 in federal grant funds to help pay for community non-profit and public medical care facilities.

Commodity Prices Up

Prices received by Illinois farmers for all commodities on Dec. 15 averaged seven per cent higher than on Nov. 15, and 1965 above a year earlier, according to the Illinois Cooperative Crop Reporting Service.

Price increases in hogs and corn caused most of the rise in the all-commodity average over a month earlier, according to the report.

Honey Production

Production of honey in Illinois totaled 9,516,000 pounds in 1965, according to a report issued last week by the Illinois Department of Agriculture.

The director estimated the value of production to the state's crops at approximately \$30,000,000, about 15 times greater than the actual value of all the honey and all the beeswax produced during the year.

Carl E. Killian, superintendent of the Division of Apiculture, listed 1363 apiaries comprising 36,025 colonies of bees inspected during the year. Of the total, 520 colonies were found to be infected with a disease as American foulbrood. All colonies so infected were destroyed by burning.

Water Supply Good

Water supply conditions at the start of the year were generally good throughout Illinois, William C. Ackermann, chief of the Illinois State Water Survey, has reported.

December brought above normal precipitation in the northern two-thirds of the state and North-eastern Illinois had 4-to-5 inches, or double the normal total for the month.

In southern Illinois December totals were only 1-to-2 inches, for a third consecutive month of below normal rainfall. However, the heavy rains that fell in central Illinois on Dec. 31 occurred in southern Illinois on Jan. 1 and 2, tending to cancel the below normal conditions.

"Groundwater conditions, in particular, have benefited from the warm temperatures in December," Ackermann said. "Since the ground was not frozen, the heavy rains did not soak in."

Golden Key Award
Daily and weekly newspaper

At the 1965 Golden Key Award Dinner, Herbert Siebert (left), receives the "Outstanding SPOKE Award" from GC Jaycee President James Burton, at last week's "Bosses' Night Banquet." The award represents achievement through Service, Participation, Orientation, Knowledge and Enthusiasm. Siebert will now compete for district honors.

Editors are reminded that a Golden Key plaque will be presented for the best treatment of the subject of mental health during the 1965 calendar year in the following categories: (1) single feature, column or news story; (2) feature or news story series; (3) photograph or photographs; (4) editorial or editorials; (5) overall excellence of coverage.

Youngful fatalities High
Traffic mishaps are taking a toll of fatalities in the younger age groups, according to Illinois State Police Chief William H. Morris.

"During the New Year's holiday weekend, half of those killed were 21 years of age or younger," he said. "Statistics recorded for the first two working days of 1966 reflect further tragedy in loss of young lives, three of them young

Fire Brick Production Explained to Optimists

Producing a high-grade fire brick is an art in itself. Granite City Optimists learned Thursday when they viewed a film and heard a talk on the manufacture of the special bricks. Both were presented by Sidney R. Womack, general manager of the A. P. Green Fire Brick Co. of Granite City, formerly Western Fire Brick Co.

The film described materials and techniques utilized in various processes. Womack said that one of the finest clay bases necessary in manufacturing fire bricks is obtained from an area near Mexico, Mo. Herman Mueller, program chairman, introduced the guest speaker.

Other guests attending the luncheon meeting at the YMCA included Charles J. Barwick, an American National Bank executive, who was the guest of Donald Z. Farrington Ray Fashall, of O'Fallon, Ill., guest of Raymond Kaegel; Dale Arnette of the Arnette Pattern Co., guest of Herman Mueller; and George Satorff of Illinois Power Co., who was introduced by Floyd T. Mitchell.

The business session was directed by Edward R. Stone, Optimist president, who announced that Dr. Robert McVicar, Southern Illinois University's vice-president for academic affairs, will be the speaker at this week's luncheon. The speaker was scheduled to address the club last week, but was unable to appear due to a conflicting engagement.

Thirty-eight members and guests were present.

Richard Utley Sr., 82, Dies at Hospital

Richard O. Utley sr., 82, a native of Hopkins County, Ky., who had been ill with a heart ailment for 12 years, died about 10:30 p.m. at St. Elizabeth Hospital where he had been a patient for six hours.

Mr. Utley and his wife, Aletha, moved here two months ago to live with a son, Arnold Utley and family, 3820 Nameoki road. The elder Mr. Utley was a retired farmer.

Services are being conducted today at the Silent Run Baptist Church in Hopkins county.

Foot Notes for Shoes

When you shop for shoes, put your big foot forward. It's the best foot for measuring, since this helps get a better fit. The difference between one shoe size and the next is a mere 1/16th of an inch. A shoe should fit comfortably when bought.

Foot measurements frequently vary according to the time of day. During the afternoon the foot is about midpoint in size. This is the best time to shop for shoes.

As shoe styles change, so do sizes. Changing from a sedentary job to an active one can cause a change in shoe size. When fitting shoes, try on both shoes and ask if you can walk on a hard-surfaced floor. Your walk will be chiefly on hard surfaces, and this helps judge comfort. Try a combination last if a snugger heel fit is needed.

Sewing Door

If you've got a spare bedroom closet — one you don't need for clothes — turn it into a storage area for sewing supplies and patterns. A closet makes an ideal hide-away for all those little things you need in sewing.

For example, tapes, thread, scissors and patterns can be arranged on the back of the closet door. A few hooks, shelves and bins will hold them nicely.

In the closet itself, install a four-drawer chest. Or have the handyman around your house build these drawers to order — with lots of partitions for gismoes and gadgets. Allow space above the drawers to store your portable sewing machine. For things in the making and on the mend add additional shelves as space permits.

Budget to Achieve Goals

Every family at some time needs a budget, and newbies would be wise to make money management a joint venture from the start. The "Illinois Family Account Book" can help any family make accurate records of its income and spending. Prepared by the University of Illinois College of Agriculture Professors, Martin Dunning and A. G. Mueller, the ruled-column book has been designed to provide a complete accounting of financial affairs.

With accurate records, your family will be better able to judge whether its decisions have resulted in the best use of the family income. Professor Dunning points out that such records help you measure how much of the family's current income has been used to meet specific goals, immediate and long-range goals should be set as the first step in any spending plan.

Illinois families keeping family account books can send them to the University of Illinois Department of Home Economics for analysis at the end of the year. Information received is confidential. Summaries are made of all records; and when your book is returned, you will receive data for comparison.

Since people have different standards, values, needs, wants and resources, their spending plans differ greatly. However, by comparing your record over a period of years or with similar family units, you will be better able to judge your family's success in using its income wisely.

Interested families can get "Illinois Family Account Book" from the county Home Adviser or from the Publications Office, 112 Mumfords Hall, University of Illinois, Urbana. The 36-page book costs 50 cents, including sales tax and postage.

Time available for food preparation

Contrary to what might be expected, studies show that convenience foods are economical. One study by the USDA Economic Research Service compared 150 convenience foods with their home-prepared counterparts. Although 116 of the 158 items were somewhat more expensive in prepared forms, the remaining 42 items were sufficiently less expensive to make the combined list of convenience foods cheaper than their fresh equivalents.

Another study has shown that 10 of the 31 convenience products being considered cost less than the basic ingredients used in home preparation of the products. This study also showed that, in preparing seven convenience, balanced meals, the homemaker spent 32 minutes compared with 47 minutes for the home-prepared meal. This cost savings made the homemaker's time worth only 23 cents for the additional 15 hours of kitchen work.

As a result of advance in food-processing techniques, the homemaker can look forward to storing foods that are convenient to prepare and that keep kitchen labor at a minimum.

Food Preparation
Food preparation in the home 10 to 20 years from now will be decidedly different from that of today, according to U. S. Department of Agriculture food scientists. They predict an increase in the trend toward the use of convenience foods that are high in quality but low in labor requirements of the homemakers.

The number of homemakers employed outside the home continues to grow. And even if she is not employed, today's homemaker gives much of her time to outside activities, limiting the

time available for food preparation.

Two Men Try to Entice Small Girls to Auto
A search is under way for an olive-colored 1958 auto involved in an incident Friday after school in the 2800 block of State street where a man who alighted from the car called a nine-year-old girl by name and tried to lure her and an eight-year-old companion to the auto.

Both girls, who were on their way home from Netherland high school, became frightened and ran. They told police there were two men in the car, but only one alighted.

Three Hubcaps Stolen
Theft of three hubcaps off his 1954 auto parked in front of his home was reported Saturday to police by Mike Duvall, 3049 Dale avenue.

— TRY A CLASSIFIED AD —

Mr. and Mrs. Elijah King and Mrs. King's brother-in-law and sister, Mr. and Mrs. Gottlieb Vogeler, are planning an open house for their relatives and friends Jan. 30 from two until five o'clock in the afternoon at St. John United Church of Christ to celebrate the 50th wedding anniversaries of both couples.

The Kings were married on Christmas Day, 1915, and Mr. and Mrs. Vogeler on Jan. 29, 1916. Both weddings took place at the home of the brides, 2136 Washington avenue, with each of the two couples serving as attendants for the other. They were daughters of Mr. and Mrs. William Humphries.

No formal invitations are being issued to the open house and friends are asked to omit gifts. Mr. King served on the Granite City Fire Department for 34 years, the last 16 of which were as chief of the department. He retired last year. They have no children.

Mr. and Mrs. Vogeler have one living daughter, Mrs. Richard (Alice) Hodshire, of 2216 Lynch avenue, and four grandchildren, Patricia and Richard Hodshire and Edward and Peggy Eubanks.

Mr. Vogeler has been employed by the General Steel Industries Inc. since 1907. Both couples are lifelong residents of Granite City.

Mr. and Mrs. King reside at 2314 Washington avenue, and Mr. and Mrs. Vogeler's address is, 2037a Edison avenue.

IRA Agents Staffing Area Office; Give Pointers

Information necessary to computation of 1965 income tax returns will be provided Quad-City residents by Internal Revenue Service agents who will be available here each Monday from now through the April 15 tax filing period. IRS agents will have offices on the third floor of the city hall in Granite City from 9 a.m. to 4 p.m. on each Monday.

The service will be given in person only. No telephone calls will be accepted at the local office. Quad-City residents may obtain answers to telephone inquiries by phoning the East St. Louis office on other days of the week.

Jay G. Philpott, director of IRS for central and southern Illinois, pointed out today that most taxpayers have two returns to choose from—the card form 1040A or the so-called long form 1040. Taxpayers whose incomes

were less than \$10,000 and less than \$2000 outside income may use short 1040A form which provides a flat ten percent deduction. A husband and wife may file a joint return on form 1040A if their combined income was under \$10,000 and other requirements are met.

In using form 1040A, however, taxpayers may not itemize deductions. If medical expenses, contributions, interest payments, taxes and other deductions exceed the standard deduction, the taxpayer should use form 1040.

Other points of information listed by the district IRS office include:

For each employee who receives \$150 or more in cash wages for agricultural labor, farm employers must report and pay their share of Social Security taxes plus the amounts withheld from each employee's on such wages.

Jan. 31 Deadline

In addition, if an employee is paid cash wages for agricultural services 20 or more days during the year, the employer is subject to the Social Security tax, even though the total paid is less than \$150. Form 943 which is used to file these reports must be filed on or before Jan. 31, for the 1965 year.

Illinois students who work part-time or summers may have a refund claim today that most taxpayers have two returns to choose from—the card form 1040A or the so-called long form 1040. Taxpayers whose incomes

Also held in abeyance was petition of Edward L. Burton to rezone former East Side Levee District property to an R-3 one-family residential district in Chouteau township.

Approved were requests of: Herbert and Della Bedwell for a special use permit to operate a beauty shop in an R-4 one-family residential district in Chouteau township.

William Gathright for a special use permit for a four-unit apartment dwelling in an R-4 one-family residential district in Venice township.

Burnis D. Rodgers for a special use permit to set a mobile home on a lot in an R-3 one-family residential district in Nameoki township for the occupancy of Mrs. Bonnie Harrison.

Gerald Farris for a special use permit to erect a garage for storage of a tractor and truck in an R-3 one-family residential district in Chouteau township.

Safety Seminar Opens Today at Belleville

An industrial seminar for plant safety supervisors, foremen and labor safety and insurance representatives opened in Belleville today, and will continue through Friday for the Madison, Clair and St. Clair counties area. The meetings are being held in the banquet hall of Augustine's restaurant.

No charge is being made for the course and all training aids are being provided by the Illinois Department of Labor. The Office of Occupational Safety and Health, U. S. Department of Labor is co-sponsor of the course.

Jake Gold of the safety office will lecture on supervisory responsibility for safety, basic concepts of machine guarding and material handling, accident causes, injury rate determination, safety committees, layout and housekeeping, hand and portable power tools, hazards of working surfaces, low voltage electrical hazards and fire prevention and protection.

Statistics on compensable work injuries reported in the Madison, St. Clair county areas will be discussed by Esther Espenshade, supervisor of research and statistics of the Illinois Department of Labor. Edmund E. Kornowicz, superintendent of Industrial Safety Inspection and Education of the Illinois Labor Department, will discuss the safety inspection work of the Safety Inspection division.

JUNIOR TROOP MEETS

Junior Girl Scout Troop 451, sponsored by St. Elizabeth's Alter Society, met in the room of the church Wednesday and opened by reciting the Girl Scout Promise and singing the Girl Scout Song.

Attendance was then taken by the Troop Scribe, Paula Krieshok, with the girls answering roll call by naming the badges they will work on during their camping trip in February.

At an earlier meeting the girls voted on the Purple Violet as being their troop's crest. The following were presented with crests by the leader, Mrs. Nancy Baumann, Susan Baumann, Linda Baumann, Susan Baumann, Marie Beljanski, Sharon Busch, Kathy Coyle, Rita Lynn Ely, Carol Frey, Kathleen Friedrich, Ellen Gauen, Elaine Gavlick, Linda Hamling, Nancy Intriere, Paula Krieshok, Deborah Lake, Janet Lambert, Ruth Anne Lucy, Nanette Marcum, Judith Morris, Anna Schillinger, Sandra Toudas and Mary Wilkinson.

The leader also announced that Girl Scout cookies would go on sale Jan. 28. The remainder of the afternoon was spent with the girls playing games while the leaders signed their books and ordered badges.

Also present were Mary Anne and Mary Diane Kozial, Sandy Weissenborn, Kathleen Apponey, Denise Broyles and Denise Leach, credit along with the other leader, Mrs. Charlotte Frey, and the committee chairman, Elizabeth Ely.

A new meeting time has been chosen for the troop and it will now be on Tuesday afternoon starting with next week.

Junior Girl Scout Troop 564, sponsored by St. Elizabeth's Church, presented skits at the weekly meeting Wednesday afternoon at the school.

In keeping with this week's "World Association with Clubs of Other Lands" roll call was answered in foreign languages by the girls. Each Patrol gave an original skit on how to greet people in foreign lands. Several were in the forms of songs and some in verse. The Patrols then gave repeat versions in English.

The remainder of the afternoon was spent in working on Sign of the Arrow badges. The meeting closed with another assignment for the badges. Next week they will be working on dramatics.

Present were Mrs. Helen Favier, leader, and Mrs. Mary Mennerick, co-leader, along with the Brownies Ruth Ann Anderson, Maureen Andria, Mary Ellen Barth, Janice DeWitt, Katrina Duncan, Annet Ely, Helen Gynmatt, Debra Heath, Donna Roseburg, Connie Koesterer, Cathy Kutosky, Cathy Leeper, Denise Lohmkuhl, Jean Marie Mecava, Regina Mennerick, Jackie Miller, Catherine Morris, Karen Nemeth, Pamela Polson, Patricia Beljanski, Donna Portell, Lauren Reznack, Diane Rusick, Karen and Patty Scaturro, Lou Ann and Sally Schwager, Kimberly St. Ivany, Dinah Thompson, Judy Trian, Phyllis VonNida and Carol Gibson.

HOUSE GUESTS

Mr. and Mrs. Donald O'Toole entertained as their house guests last week Mrs. O'Toole's father and brother, F. R. Griffin and Harold Griffin of Sunrise Beach, Lake-of-the-Ozarks. Mr. O'Toole arrived last Sunday, Mrs. O'Toole returned to his home on Wednesday evening.

Harold Griffin will remain the house guest of his sister for a short time.

DEN PLANS BANQUET

Den Six of Cub Pack 22, sponsored by Frohardt school, met in the home of the Den Mother, Mrs. Lorraine Stawar, 2112 Amos, Wednesday afternoon with the opening Flag ceremony by Duane Smallic.

Kayen Hoedebeck told a make-believe story using finger puppets.

The Pack meeting to be held tomorrow evening at the school and the Blue and Gold Banquet to be held Feb. 8 were discussed, and the boys worked on the favors for the banquet.

Games were played and the meeting concluded with the boys singing "Goodnight Cub Scouts."

Also present were Glenn Lind-

PREPARE FOR DERBY

Dens One and Two of Cub Pack Seven, sponsored by St. Joseph's school, met Wednesday afternoon in the home of the Den Mother, Mrs. Virginia Kittel, 1741 Maple street, with the meeting opening with the boys reciting the Cub Scout Promise and Laws of the Pack.

Discussion was held on the Pinewood Derby to be held at Wednesday's meeting, and the boys took home their models to work on.

Refreshments were provided by Mrs. Vasiloff and Mrs. Danheiser, and the meeting closed with the boys reciting the Laws of the Pack.

Present were Frank and Michael Kittel, Mark Danheiser, Brian Grobowski, Robert John Vasiloff and Anthony Rieker.

SKITS FOR PACK MEETING

Den One of Cub Pack 22, sponsored by Frohardt school, met Wednesday afternoon in the home of their Den Mother, Mrs. Mary Sikes, 2319 Emert street, to prepare skits. The meeting opened with the boys reciting the Cub Scout Promise and Laws of the Pack.

The boys are making a rocket, traveling in a covered wagon to be used in the skits at tomorrow's pack meeting. They will also be dressed in costume and will perform the program.

The meeting closed with the living circle.

Present were Greg Gauen, David Lindsay, Alan Milton, Danny Schmieder and Brian Bruce Sikes. This week's meeting will be held Tuesday afternoon instead of Wednesday, so the boys can practice again before the pack meeting that came night.

Den Eight of Cub Pack 22, sponsored by Frohardt school, met Wednesday afternoon to work on a harbor model in the home of their Den Mother, Mrs. Markie Manogan, 3208 Rodgers, with the opening flag ceremony by Jeff Hillman and Keith Wagner.

The model harbor is being made of clay for the pack meeting theme of Transportation. The harbor will be on display at tomorrow night's pack meeting.

Games were played under the direction of the Den Chief, Monte Taylor, and the meeting closed with the living circle.

Refreshments were provided and served by Terry Hollis to the above named and to Ricky Reznack, Stan Manogan, Terry Kaleita and Mascotte Danny Manogan.

PERFORM FOR MOTHERS

A regular meeting of Brownie Troop 75, sponsored by St. Elizabeth's Alter Society, was held Wednesday afternoon in the school cafeteria for an investiture ceremony performed by Mrs. Mary Bellu, co-leader, for Kathy Miller. She received her Brownie Pin at this time.

After the Brownie Promise, "Happy Birthdays" was sung in honor of the Troop's First Birthday. A flag ceremony was conducted by Cindy Pates, Ann DeRuntz, Mary Ann Frederick, Anita Simmers, Lynn McCoy and Kathy Boyer.

The following skits were then performed for the mothers: "Peter Rabbit" by Connie Sudholt, "Patty Barbati, Carolyn Lucy, Ruthie Ely, Karen Horn, Mary Beth Powderly, Denise Sileiner, Lauren Gubser and Patty Drew. "The Singers" by Debbie Knackstedt, Julia McPherson, Mary Lou Fabry, Judy

Church, Charities Office Among Eight Victims of Thieves

Eight burglaries and thefts, including one at St. Bartholomew's Church and another at the Catholic Charities office, were reported in the Quad-City area during the weekend.

A metal cash box containing \$12 was stolen in a burglary at St. Bartholomew's Church, 22nd street and Grand avenue, it was reported at 8 a.m. Friday by Rev. Paul Dicks, pastor. The front door was unlocked, but the money was taken from the pastor's desk.

Nothing was taken in a burglary at the Catholic Charities office, 2012 Delmar avenue, which occurred about 5 p.m. Thursday, it was reported at 9:10 a.m. Friday by Corrine Kreher, office secretary.

Entry was gained by breaking the window of the kitchen door and opening the lock. Two file cabinets were pried open with a screwdriver and a pair of needle-nose pliers taken from the sink drawer, but attempts at further pilferage were unsuccessful.

Apartment, Church Remodeling Among \$166,507 Projects

A new apartment house and remodeling of the Third Baptist Church paved the building permit activity in Granite City during the last two weeks as 17 permits were issued with values totaling \$166,507.

An eight-unit, 32-room apartment structure is to be constructed for Morrissey & Fisher of St. Louis in Village lane at a cost of \$60,000. It will be of brick veneer and red wood. Bryce Hastings of Clayton, Mo., is the architect. The apartment is to be in the 117-acre tract recently annexed to the city south of Ponton road.

Third Baptist Church, located at 2800 Grand avenue, plans to remodel the interior of the church and replace carpeting and pews at a cost of \$54,907. The church is owned by L. S. Sams & Sons, 360 square foot sign, \$1000.

Permits for additions to homes were obtained by Bill Turner, 2017 Elm street, two rooms, \$3000; James Dimitroff, 2548 Edin, \$1,500; and the new owner, \$5000; and Bertha Jones, 2510 West 24th street, one room, \$1500.

Permits for remodeling and repairs went to Bobby Russell, 2913 Ash avenue, aluminum siding and plastic stone, \$100; John Vaughn, 1526 Cottage avenue, aluminum siding, \$1250; Francis Daniel, 1830 State street, repairs 16 floor, \$600; and Jesse Barnes, 2007 Missouri avenue, install sole siding, \$2700.

Permits to raze structures were issued to Henry Karandjeff, the old Nameki Boat & Motor building at 3032 Madison avenue, \$100; George Valicoff, two rooms and garage damaged by fire at 2201 Madison avenue, \$1000; and Theresa Murphy, 2701 Washington, school, \$8000; G & R Confectionery, 1801 Edison avenue, double-faced sign, \$200; and Borycki pews at a cost of \$54,907. The church is owned by L. S. Sams & Sons, 360 square foot sign, \$1000.

Church, Charities Office Among Eight Victims of Thieves

Eight burglaries and thefts, including one at St. Bartholomew's Church and another at the Catholic Charities office, were reported in the Quad-City area during the weekend.

A metal cash box containing \$12 was stolen in a burglary at St. Bartholomew's Church, 22nd street and Grand avenue, it was reported at 8 a.m. Friday by Rev. Paul Dicks, pastor. The front door was unlocked, but the money was taken from the pastor's desk.

Nothing was taken in a burglary at the Catholic Charities office, 2012 Delmar avenue, which occurred about 5 p.m. Thursday, it was reported at 9:10 a.m. Friday by Corrine Kreher, office secretary.

Entry was gained by breaking the window of the kitchen door and opening the lock. Two file cabinets were pried open with a screwdriver and a pair of needle-nose pliers taken from the sink drawer, but attempts at further pilferage were unsuccessful.

Supernova—A Super Spectacle

(American Institute of Physics) original star, competing with the very galaxy that contains it, and radiating as much in 25 days as the sun does in a million years. In an ancient Egyptian manuscript, the astronomer Ali b. Ridwan calls the spectacle he saw, and to which he attributed all manner of calamities and disasters, a "nazak."

This word, according to Dr. Bernard Goldstein of Yale University, is a rarity in Arabic meaning "a short spear." Dr. Goldstein also collected evidence of the spectacle's being cited as far away as Japan, and pieced together the supernova interpretation from accounts of ancient observations.

If so, it would be the earliest known supernova to have occurred in our galaxy and would bring the total to just four in the last thousand years.

A supernova is the explosion of a star in which over 80% of the star's mass is blown out into space.

For several days the supernova shines with a brilliance of about 100 million times that of the

THE PASTOR SPEAKS

REV. ROBERT CARR
Mt. Zion General Baptist Church

"We hold these truths to be self-evident, that all men are created equal..." This statement from the Declaration of Independence expresses the American ideal of political equality and the Christian ideal of spiritual equality.

Of the three billion people in the world, no two are exactly alike. Men are tall or short, lean or fat. They are ugly or handsome, wise or foolish. They speak different languages, live in different nations, and have different colored skins. An infinite variety of men form the species "man."

How tragic it would be if all were exactly alike. Man varies like all of God's other creations. A conservative estimate places the number of plant varieties at 400,000. There are 50,000 kinds of butterflies and moths and 20,000 varieties of birds.

All men do not have to be the same to be equal. Equality may apply to the rich and the poor, the educated and the illiterate.

Fallacy of Communism

Communism teaches that an equal distribution of wealth would create a utopia here on earth. A high school class thought that that sounded like a good idea. The teacher agreed to try it.

At the end of the first grading period everyone received a grade of "C-." The teacher explained that he had taken the high scores of the hard working students and given to those who had not studied.

Those who had studied very

What A Difference!

Many labor unions and employers in the Quad-Cities have reached amicable agreements since the strike at Union Starbuck and Reimann began last July 4. But it was never so noticeable as last Thursday on page 1 of the Press-Record when, by sheer coincidence, the following two headlines appeared:

Negotiations to be Resumed Tuesday

Gunfire Hits Homes of 3 Starch Supervisors

Builders, 2 Unions In Labor Peace Pact

Carpenters, Engineers
Sign 3-Year Extension
Of Current Contracts

Quad-Cityans are waiting—and praying—for the day when a "PEACE PACT" can be reported at Union Starbuck already in long overdue; it's history of violence long ago surpassed anything known here before.

Affection In Early Years Key To Successful Adult Life

Love is perhaps the most overlooked word in the English language, but it is not the most overrated. Parental affection from birth through the first two or three years does much to shape an individual's life for the better; if the child knows he is loved, or for the worse if affection is lacking or not expressed.

This conclusion has been reached by Harvard University researchers, who make a statement that will surprise many people: those likely to become juvenile delinquents and criminals can be accurately singled out at the age of two or three. It has been known for some time that probable school dropouts can be spotted in advance, but few have said they can be detected even before they begin school.

Dr. Eleanor Glueck and her husband, Sheldon, Harvard professor of criminal law, devised the widely used Glueck Social Prediction Table, based on a 1950 study of children in the five-to-six age range. She has now added two factors to weigh delinquency potential earlier in life—in infant destructiveness and resistance to authority. She also emphasizes the three major factors known earlier—degree of parental affection, degree of child restlessness and presence or absence of such "antisocial" traits as criminality, alcoholism, emotional disturbance or retardation.

Although children with certain characteristics are more likely than others to respond to an adverse environment by becoming delinquent, Dr. Glueck says that lack of family cohesion—the "weakening American family"—is the principal cause of problem behavior.

Since parental affection looms so large and have an effect from the time of a child's birth, it is in this area that she hopes for greatest gains, with potential delinquency trends noted and corrected even before the two-to-three-year level.

One would think that an infant as about the most lovable thing on earth, but, based on the evidence, many do not get affection they need so badly.

Happily, if it is supplied to them in their first few years, it can equip them to meet almost any test that adolescent and adult life may hold for them.

"Observe all men, thyself most."

LYDIA CIRCLE MEETS

The Lydia Circle of Nameoki Methodist Church met Thursday evening in the home of Mrs. Marie Long, 2200 Edwards street, and the opening prayer was by guest, Mrs. Nellie Jones. Devotions were by Mrs. Mary Ball, entitled "Christ's Way, Our Way." The lesson was then given by Mrs. Virginia Daniels entitled "Outreach."

Mrs. Dorothy Wallace, chairman, conducted the business. Mrs. Shirley Reese, 3229 Westchester drive, and Mrs. Shirley Thompson, 4001 North 1st, were announced as the March 25 rummage sale at the Old Del Rio Hall, and that on March 14, the District Women's Society birthday by her Secret Pal, Mrs.

Paving of Maryville Road Of Major Importance to Granite City Area

While the widening of Nameoki road has been beset with one obstacle after another (though now it seems to moving nearer to bid letting again), another road improvement of major importance to Granite City has gone steadily ahead and will be ready for bidding next month, thanks to the Madison county board of supervisors and the county highway department.

This is the paving of Maryville road, from Pontoon road north to the Chain of Rocks road, west of Mitchell, only three blocks of which lies within Granite City. Responsibility for paving these three blocks, at the city's expense.

When completed, Maryville road will provide Granite City with a major artery of ingress and egress, especially serviceable to the rapidly growing area of new subdivisions and apartments.

Extension of Maryville road south to other new residential sections should then be given early consideration by the city and subdivision developers.

Outstanding Quad-City Tourist Attractions

Increased local emphasis on promotion of tourism spotlighted the many attractions offered in the Quad-City and immediate surrounding area.

Points of interest often are taken for granted by the residents of a community because they are so familiar. But as the Region Eight tourist promotion organization has estimated, there are many outstanding attractions in the Quad-Cities, described as "the great waterway to the west."

This community boasts the largest canal locks in the western hemisphere, the northernmost ice-free harbor providing year-round service to inland waterway shippers; the only rock fill dam in a major river in the United States; rail and other facilities which help make the Illinois-Missouri Metropolitan Area the second largest transportation center in the nation; an outstanding 1000-acre Army depot with worldwide equipment maintenance and supply responsibilities; one of the most productive industrial complexes of its size in the U.S., with over 70 manufacturers in widely diversified fields headed by one of the most basic of all products, steel; St. Mary's Catholic Church in Madison, with the second largest nave in the world; the mile-long McKinley and Chain of Rocks Bridges; more than 600 retail shopping outlets as well as numerous restaurants and hundreds of amusements with more than 125 pieces of varied recreation facilities.

A visit to the Quad-Cities, including tours of the locks, depot, steel plants and other points, can truly be "a visit long remembered." We recommend it to out-of-town travelers—and to Quad-Cityans, too.

Emphasis On Issues Or Jobs Affects Governmental Quality

In his new testimony urging a state crime commission composed entirely of non-officials, State Senator Paul Simon attributed much of the "crime and corruption problem" in Illinois to both parties being "primarily concerned about jobs, with issues and morality running far behind."

Other senators disagreed with his conclusion.

Twenty thousand of 83,000 Illinois state jobs are filled by political appointments; in sharp contrast, the Wisconsin governor appoints only 26 salaried personnel and the Iowa governor only 35. Attention has been called frequently to the degree of patronage in Illinois, but efforts to reduce it have been thwarted each time by those who benefit in various ways.

Although patronage has its place, an extreme degree defeats the whole concept of democratic government. A Quad-City area political leader boasted a few years ago that he was free to deal with issues anyway he happened to see fit, since his source of strength was not the stands he took but the large volume of patronage jobs, which he nearly every family or one of its relatives depend on for his re-election for the bread on their dining table.

This central issue cannot be overemphasized. Official must never be allowed to become so entrenched that they are no longer accountable to the people and the people's wishes.

To the extent that Illinois has excessive patronage, it is counting on such excessive public opinion and standards, and risking continued free-wheeling activity in the northern part of the state by the criminal syndicate.

SIU Among 20 Largest In U.S.

The 146 full-time students enrolled at Southern Illinois University at Carbondale "climbed" in its initial term seems small when compared to the number expected to be served in future years.

Yet, combined with the 17,356 registered at Carbondale, it produces a 24,502 total that places SIU for the first time among the nation's 20 largest universities.

Not for the sake of business itself, but because of the great need for higher education facilities in this region, we hope sufficient financing is provided by the state to keep SIU-SW construction—and the 7146 enrollment—increasing steadily and rapidly through the 1960s and beyond, with both qualitative and quantitative progress.

50 YEARS AGO

GRANITE CITY PRESS-RECORD

JANUARY 25, 1916

Some Leap Year rules for the girls of Granite City. Don't propose to a man who has thin lips. He will scorn you. Don't propose to a man whose head runs straight up from the back of his neck. He loves neither home nor wife. Don't propose to a man with a supercilious eye. He'll make you sorry. Propose to a man who has a good nose bump at the base of his head. He's a good family man and loves wife and home. If you want a money-maker, get one whose head is broad and square and long. He will bring home a cash every time. If you love a man who has a twinkling in his eye, propose to him. You'll get him. To all daughters of Eve who have leap year intentions, the "vocal" guide and well known journalist, William J. Kibby, offers advice concerning the habits, characteristics and dispositions of various sorts of men. He is intended to help the girls win their hearts' desires without suffering from the process.

The freshmen class of the Granite City high school has been enriched this week by the addition of about thirty new students who were graduated from the eighth grades of the Emerson and McKinley schools last week. Just what to do with the new class of students is a puzzle to the board of education and faculty, who find themselves confronted with the problem of caring for a much larger number than they have room to accommodate.

One of the best basketball games of the season is promised for this evening, when the Fleishman's, leaders of the suburban league, will clash with the St. Louis team. The school children and leaders of the church league.

The Priscilla Club held a meeting.

Mr. Cameron Harmon of First Church, East St. Louis, will give a lecture in the Dover Avenue Methodist church, February 7. Special music will be given also. The lecture is under the management of the Ladies' Aid. Admission 15 cents.

Granite City sold more Red Cross caps during the holidays than any other city in Madison County, and the total sales were almost as large as the remaining total sales in the entire county. This fact became known when Dr. R. D. Luster, who had charged of the distribution and sale of the Christmas stamps, in Madison County, compiled his report and submitted it to the county organization. The school children of Granite City sold more seals than Alton did.

The following items were taken from the Press-Record of Granite City:

JANUARY 23, 1916

Mrs. Alender Rouland, entertained the Gideon auxiliary at her home on Grand avenue. The ladies of the prayer group, Mrs. Arthur Cariss and after the devotion service led by Mrs. Roy Compton there was a general discussion by the members on "The Origin of the Aton."

A delightful luncheon was served to fifteen members of the Lincoln Place Sewing class at the Community House in honor of Louis Lovacheff, both whom were celebrating their birthdays.

The CYO of St. Joseph's Catholic Church held a "parents' night" party in the church basement. The regular business meeting was held and later there were songs and a one-act play by the young people was enjoyed.

Miss Kathryn Weddell entertained two tables at bridge last night. Tallyes were marked for Mrs. Gerald W. Moore, Mrs. Robert Anthony, on his second birthday.

Mr. and Mrs. Charles B. Meyer entertained the following guests at their new home, 2007 Garfield Avenue, Sunday, Jan. 23: Mr. and Mrs. Charles Meyer of Union, Mo.; Mr. and Mrs. Calvin Barriels of Wood River, and Mr. and Mrs. Harold Harmon.

The Mitchell PTA met at the school house. The president, Mrs. Dan Boyle, was in charge. The speaker of the evening was Judge Wilbur Traves of Edwardsville.

Mr. and Mrs. Mack Mullens and son, Mickey, of Mt. Sterling, Mo., are guests at the home of Mr. and Mrs. O. W. Rietz.

An American flag was presented to the Granite City Masonic Temple Association by S. A. R. H. J. McElvers, Union, Mo., 90, daughter of Union, Mo., and the Civil War. The presentation address was made by Mrs. Mary Rine, president of the tent, who was introduced by Mrs. E. D. Karandjoff, president of the association.

Taking part in the ceremony were the color bearers of the Tent, Mrs. Viola Campbell, Mrs. Maude Marshall, Mrs. Edna Rydick and Mrs. Ida Brannell, a drummer Miss Ronnie Lutell, and Mildred Baxter, accompanist.

Sidney Katz informed his parents, Mr. and Mrs. Ade Katz by telephone he had just finished his work in New York City and would fly to Florida. He asked that his summer report books be sent to there at once.

Mr. and Mrs. J. R. Fields of Maroa, Ill., are visiting here with their parents, Mr. and Mrs. Mollie Fields and Mrs. Irene Hill of Madison.

DWI Charge Filed Following Accident

A charge of driving while intoxicated was placed against Doyle Reese, 25, of 242 Marshall avenue, Friday afternoon, following a traffic accident at 1601 Olive street.

Police said Reese was driving north when his auto struck the parked car of Elva Burcham of Olive street. Reese's hearing is set for today.

Police said the Smith auto skidded on icy pavement into the rear of Fulcher's car.

Icy Pavement Blamed

Auto driven east on 25th street by William Fulcher, 2445 Edison avenue, and Barbara Smith, 2528 State street, were involved in a collision Saturday afternoon at Madison avenue.

Q. A friend and I have been broker could suggest a good one for you.

Concerning advisory services, Standard & Poor's, Moody's and Value Line are the best results. I have a portfolio in which she has \$117,375 of her own money invested. It has a paper value of \$135,000. I have a portfolio valued at \$80,000, which cost me \$48,108. We would like to go into partnership. I would put up additional cash to make my investment equal to hers.

Legally and for tax purposes, we can form this partnership totaling each of our stock assets at what the stock actually cost us, \$181,483, or must it be done at market value—about \$235,000—the day the partnership papers are signed? In addition, there are so many advisory services advertised, can you recommend the top five or so?

These types of legal and tax questions are a little bit out of my field. I believe it would be best if you would consult an attorney in setting up your partnership.

For an account of the size of your years you might be interested in the services of a professional investment advisor. Many good ones are located near your city and I am sure your bank or

Almanacs Once the Byword In Nearly Everyone's Home

JOHN W. ALLEN
Southern Illinois University

I am thankful to almanac-lover L. Card Sitter for a complete file of "family almanacs," for the years from 1860 to 1924. Leaving through them brought a realization that the almanac that lay on the fireplace mantle beside the weight clock or hung from a nail in its jamb has almost completely and very quietly disappeared.

Many years ago almanacs were treasured possessions, frequently consulted. When need arose to plant crops, prune trees, perform surgery on livestock, lay fence corners, set stones to support buildings, roof with clapboards or hazard a guess about tomorrow's weather, one went to the family almanac.

To many a person it was inviting dire calamity to ignore the light and dark of the moon or the signs of the zodiac. The course of human affairs was thought to be affected by the position of the moon, planets and stars. In fact, there were numerous men and women posing as astrologers and writing horoscopes.

Men sincerely believed that crops like corn and tomatoes, which fruited above ground, should be planted in the light of the moon while peanuts and potatoes, fruiting underground, were best planted in the dark of the moon. Fence worms or foundation stones placed in the dark of the moon naturally sank into the ground. Clapboard roofs applied in the light of the moon were prone to curl. The almanac, then, was a treasure, a guide, a source of information that almanacs carried, they naturally were treasured guides and were circulated in great numbers.

It has not been learned just when the first almanac appeared. Records indicate that a very early one was published in Vienna (Austria, not Johnson county) in 1477. Another appeared in Nuremberg in 1477. Earlier almanacs were mostly collections of prophecies. They soon began, however, to appear at widely scattered locations in Europe and to contain more general information. Some were sponsored by governments and some of a scientific nature still are.

An early English almanac for the "Diffusion of Useful Knowledge" was Poor Robin's, that appeared in 1664. It proved very popular and circulated about 50,000 a year. It also may have suggested the title for one that appeared in America in 1722 bearing the name of Poor Richard.

The American publication was by Benjamin Franklin, who used the name of Richard Saunders. Two other noted early American almanacs appeared prior to Poor Richard's. One of these was Pierce's, that appeared in 1680, and one that took the name of William Bradford and began in 1683.

Another early one that became noted is the Old Farmer's Almanac, that began in 1792. It has appeared each year since then; the current one on the newsstands is numbered CLXXIV. It continues to live up to the best traditions of the American almanacs. Grier's Almanac, another one of note still being published, began at Atlanta, Ga., in 1807. A second Farmer's Almanac, note the absence of old, now is 143 years old. Blum's appeared at Winston-Salem, N. C. 137 years ago.

These four old almanacs have offered an assortment of information that has ranged from a recipe for making shot fly pie and dandelion wine through first aid hints, discussed about the common cold, the migrations of birds, the mating habits of the eastern skunk, lists of lucky and

unlucky days, and a table of illiquid measures that helps one to understand the relationship of gills, pints, quarts, gallons, hogsheads, pipes, butts and tons. They told of the cold summer of 1816 and the winter of the great snow a few years later. The jokes they contained still are peddled, often being prefaced with the expression, "I just heard a new one."

Beginning about the time of the Civil War a flood of medical almanacs began to appear. Some of the information, or misinformation, they carried sounds strangely familiar. Thus, Hostetter's Almanac, for 1878 cries the danger of "Poverty of the Blood," perhaps the same calamity announced over TV as "Iron Poor Blood." Symptoms are strangely alike. Hostetter's stomach Bitters cured it then. Now the symptoms vanish after a touch of another patent medicine.

Another almanac of 1881 tells us that "any farmer who is around worms" need only to eat a few pieces of Dr. Hart's Vermifuge candy.

Ashtory stuffy noses and difficult breathing were acknowledged as inconveniences in 1887. The use of Ayer's Cherry Pectoral "generally" afforded relief. Should that fail one was told to smoke powdered mullein leaves or cubes in a pipe. Should these fail to give comfort the victim could inhale the fumes of burning paper sprinkled with nitrate of potash. All these failing the afflicted one could get help by a "cautious inhalation of sulphuric ether, or chloroform." Things have changed some. According to TV, other inhalants now do the job.

One very good piece of advice was found in an old almanac. It said, "Every genuine case of bronchitis, pneumonia and consumption should be under the care of the family physician." Cures for rheumatism were common. Not once, however, did they suggest simply carrying a buckeye or wearing a brass ring, nor did they advise that children wear a bag of asafetida about the neck or even a spider in the shoe.

A spell in the evening with an Old Farmer's Almanac might be interesting.

Five County Taverns Get Liquor Licenses

Five more tavern operators in unincorporated areas of the Madison County area obtained 1966 county liquor licenses recently, raising the total for the county to 42.

They are Anthony Queiroli, Tony's restaurant, 5240 Nameoki road; Barry Jettell and Donat Danoff, 15 Acres tavern, Route One; Joseph J. Lesko, Lesko's inn, 608 McCambridge avenue, Madison; Grace L. Fields, Fields, 5200 Maryville road; and Clayton J. Harrison, Club Jug, 4900 Nameoki road.

About 40 of the taverns in the unincorporated areas of the county have now renewed their licenses, it was announced.

New Alfalfa Seeds Producing More

Several farmers have recently asked about the new varieties of alfalfa for seeding in 1966. A number of new varieties are producing starting yields in University of Illinois tests and for farmers. Yields of seven tons of hay per acre are common, eight-ton harvests aren't unusual and we've seen proof of yields well over 9 tons of dry hay per acre.

There are two major strains among these new varieties: the so-called Flemish or European types and the North American varieties. The Flemish varieties are the best yielders if you want only one or two harvest years. Varieties such as DuPont, Alfa, FLD-100 and Flamande SC-118 are the test-toppers, averaging over 9 tons per acre in each of the first two years at Urbana. Early maturing, these varieties bounce back rapidly after cutting and grazing and resist leaf diseases. They flower a week earlier than Ranger and other North American strains so they demand earlier cutting.

For a stand's longer than two years, you'll want one of the new North American varieties. Veritas, Progress, Cayuga, FLD-202 and WL 303 flower a week later than the Flemish varieties, so are often easier to manage.

The new North American varieties also resist leaf diseases better than older varieties and have given excellent yields in Illinois trials and field tests. If you are a dairyman or livestock farmer with large acreage, you can use several varieties, and you have a chance to spread out your first harvest. You can plant one of the Flemish varieties for earliest harvest, then a North American variety to come along later. You may even choose one of the intermediate types to fill in between the two.

Also on the market are several varieties intermediate between Flemish and North American in growth habit. Saratoga and Havmore both do well in long-term stands yet have much of the vigor of Flemish varieties.

You may ask what has been done to Kansas alfalfa or Oklahoma, Dakota or Washington alfalfa. These strains are obsolete and fall far below these newcomers in forage yield and in quality. Ranger, a fine variety several years ago, is also outdated. In Illinois tests, Ranger has not been able to equal the new Flemish and North American varieties in yield or in disease resistance.

If you're planting alfalfa for plow-down, good clean seed of almost any source can fill your need. But if you plan to grow forage, you'll find new high-yielding varieties paying off.

Good seed of a top variety often costs a bit more but you get a bonus for your money. Figure your acre-seed costs and the value of your probable yield increase. It may cost a dollar or so more per acre to seed a new alfalfa variety instead of an old timer. But you may get a ton or more of dry hay or 4 to 5 tons green feed from each acre for as long as you leave the stand. This adds up to an excellent return for a dollar investment.

So when buying alfalfa seed, don't pay to look for cheap seed. Certified seed is available this winter for most of the above varieties. Buy from a seedman you know in your area who carries these up-to-date varieties. Good seed pays, but all seed is not good. And your crop can be no better than the seed you plant. Alfalfa is an important crop here, with about 16,000 acres of it in Madison county. Most of it is fed

Farm Record Book

Fourteen Madison county farmers used the new Illinois farm record book in 1965 on a trial basis before it was made available for general use in 1966. They met last week in an all-day session to close their records and summarize them for an analysis of their farm business operations. They were all well pleased with the new book and consider it better adapted to modern farming than the old book in use since 1917. Suggestions these farmers made during the year were used in making the final revision of the new book. Just recently published and now available to all farmers at the farm adviser's office.

The book provides, of course, all records necessary for income tax returns. Much more important, for more profitable farm management, it has been designed to assist in discriminating between profitable and unprofitable operations within your own farm operation. To be efficient, we must know which practices are economically sound on our own individual farms.

The information on all receipts and expenses, plus inventories of crops and livestock, a farm income summary may be completed. If livestock records are kept in addition, a complete enterprise analysis may be prepared.

About 300 farmers have already obtained the new book. Records for 1966 should be started this month to avoid getting behind in your bookkeeping early in the year and have all entries current when the busy spring season starts.

System Aids Dairyman

Dairyman may earn more money with fewer cows if they use a production record system to call cows that aren't making a profit.

One of every three cows in Illinois does not produce enough to return a profit on the feed and labor she requires. Production records are the only sure way to cull. In 1965, all cows in Illinois produced an average of about 5500 pounds of milk. The average cow on Dairy Herd Improvement Association tests produced 11,911 pounds.

Much of this increase is due to good culling with production records.

New cooperators recently enrolled in the Madison County Dairy Herd Improvement Association are Elmer Hefesto of Alton, Ill., and Hilmer and Marlin Schoenbaum of Moro. Other dairymen wanting more information

Girl, 2, Injures Arm In Fall at Home

Teresa Pogue, 2½, daughter of Mr. and Mrs. Robert Pogue, 4720 Nameoki road, sustained a possible fracture of her left arm Thursday evening, when she fell from a bed at home. She was given treatment at St. Elizabeth Hospital and released.

Also treated in the hospital emergency room Thursday was Debra Slay, 17, daughter of Mr. and Mrs. John Slay, 2009 Manley avenue, who injured her right arm when she stumbled on the basement steps. She also was released.

Friends Executive Council

Dr. Stanley F. Maer, president of the Illinois Optometric Association, served as chairman at the first 1966 meeting of the executive council of the association, held in Chicago last week.

Information about this service should be sent to the farm adviser's office. Rising land values might make land appear to be an attractive investment for landlords in need of relatively low yearly operating returns. However, such investment is advisable only if management can be more than offset gains from rising land values.

Men and women qualified as engineers, who are interested in federal employment, may visit the District Office, 906 Olive street, St. Louis, or call Main 2-5318. Evening and Saturday interviews can be arranged, Col. Meador said.

Skaters Take First 'Crack' on Park's Pond

Adults and Kids Flock to Park

Temperatures dipped but spirits soared, as scores of youngsters and adults alike, flocked to the pond in Wilson Park to catch up on a little ice skating Friday afternoon.

The ice skating pond, in its last season of use since the new rink and recreation center will be in operation next year, was flooded by park district workers Thursday night. A special guard was posted to insure that nobody would skate until the ice was safely frozen.

Bonfire flames crackled, children huddled near the fires, and mothers laced the shoes of their youngsters.

Many a skater took the inevitable "spill" but got up and tried the skating ritual all over again. Little ones were most prone to the spills, as they took their first crack at ice skating.

By 2:30 in the afternoon, nearly 150 youngsters and teenagers, plus approximately 30 adults were gliding over the pond with the greatest of ease.

Students from Granite City junior high schools and the senior high school enjoyed the afternoon on the ice. They were let out of classes due to the semester changeover.

Speed races were staged at random. Faces redened with the cold temperatures and cold

hands were quickly warmed over the fires.

The number of skaters increased as the afternoon progressed.

Although the temperatures dropped, the weatherman predicted snow and the air was quite cold, the youngsters' spirits soared as they took to the ice for the first time this year.

WHETHER IT WAS racing, follow-the-leader or a game of tag, the frozen pond in Wilson Park warmed

the spirits of all the skaters Friday afternoon.

WARMING UP BY A FIRE was this Granite City high school skater during the first day of skating on the ice pond at Wilson Park. Over 150 youngsters took to the ice Friday afternoon.

W. Thoeke Wins

Louis Basketball Hawks to a southern city. He added that the present experiment of playing on a neutral court at Memphis, Tenn., is only drawing fair crowds.

Buck offered the name of Ray Wilmzig, former Cardinal backfield coach, as a prospective contender for the vacant head coaching position with the St. Louis NFL team. Although, he added, Wilmzig's name has not been publicized as Wally Lemm's possible successor.

Commenting on the controversial trades involving Ken Boyer, Bill White and Dick Groat, Buck

reported that many St. Louis baseball people now believe the baseball club could not have improved their 1965 seventh place finish if the deals had not been made. He said the beautiful new riverfront stadium will attract capacity crowds at the outset, but both the football and baseball Cardinals will have to produce in order to keep attendance booming.

Buck reported that excessive bonuses now being paid to college football stars will soon have to stop as clubs "just can't afford to continue handing out \$200,000 bonuses without going broke."

Mayor Donald Partney also spoke briefly, commending Jaycee members for their assistance in numerous worthwhile civic endeavors. He asked their continued help in implementing his 25-point program announced to the city council last week.

Also honored at the dinner was Herbert Siebert, who received the "Outstanding SPOKE Award" for his contribution to community projects as a first-year Jaycee member. Also winner of the "Jaycee of the Month" title for November, Siebert headed the petition project for improvement and widening of Nameoki road and served as general chairman of the 1965 Jaycee homecoming celebration.

Robert Calhoun of Belleville, a national Jaycee director, presented an award, which entitles Siebert to compete for district honors this spring. Runnerup for the SPOKE award was James Jeffries.

Dan McGee was named "Jaycee of the Month" for December for his efforts in connection with the bowling sweepstakes project, which produced funds for the purchase of an infant resuscitation unit for St. Elizabeth Hospital.

The "speakup" award was made to Robert Collins and Boyd Presley received the "sparkplug award," presented each year to an "older" Jaycee member who has met certain requirements. Nominees for the latter honor included Earl Dotzauer, Michael Day, Victor Wetherholt, Paul Morris, Grad Krause and Raymond Lake.

Other "speakup" nominees were Donald Cave, Floyd Peterson, James Jeffries, Siebert, Dr. Strotheide and Walter Gasparovic. Lyle Wessel of Waterloo, Ill., a state Jaycee vice-president, presented the awards.

Previous DSA winners were Earl Parsons, 1960, Arthur Wier, 1961, Robert D. Todroff, 1962, Earl Dotzauer, 1963 and William Winter, 1964.

Wm. Bartels Appointed Vice-President of Firm

William D. Bartels, formerly international representative for Union Star & Refining Co. at Cebu City in the Philippines, has been appointed manufacturing vice president of the Lu Du Ym Corp. at Cebu City. It was announced today by Cayetano Lu Du, president.

Mr. Bartels, son of Mr. and Mrs. J. H. Bartels of Granite City, will be in charge of all manufacturing divisions including the world's largest copra crushing plant. The firm is the Philippines' leading exporter of coconut oil, copra meal, soap products and edible oils.

The associate firms, Far East Corn Refining Co., produces glucose and caramel color, the Puraan Plantation at Mindanao, produces tapioca starch. The enterprises employ over 800 persons.

Mr. Bartels, an airborne Army veteran, has been associated with Union Star since the 1940s and has been in the Philippines nearly two years. He holds a degree in business administration from Washington University.

His wife, Marilyn, and four children, Billy, David, Joan and Susan, are with him at Cebu City, and they plan to return here this summer for a visit. The boys are students at Brent school near Manila while the girls attend American school at Cebu City.

The Lu Du firm has its main offices at Cebu City and branch offices at Manila and San Francisco.

55 Area Semi-Finalists For State Scholarships

Fifty-five Quad-City high school students are among 10,348 in the state who have qualified as semi-finalists in the 1966-67 state scholarship program on the basis of high school academic record and performance on competitive examinations.

They were selected from 32,896 students who sought state scholarship consideration by taking the ACT examination of Nov. 13.

All semi-finalists are being notified directly and will receive application materials to be completed and returned to the Illinois State Scholarship Commission for final consideration.

Winners in April

The winners, who must be Illinois residents, will be announced in April and will be granted monetary and honorary awards to attend approved colleges or universities within the state.

Monetary awards to a maximum of \$1000 are available. Honorary awards are granted when financial need does not exist. All awards are renewable. In recognition of outstanding achievement, certificates of merit are given to all state scholarship winners.

3 Divorces Granted In Circuit Court Here

Three divorces were granted in the Granite City branch of the circuit court Friday by Circuit Judge Austin Lewis.

Thomas Gerald Davis was granted a decree against Iona Jean Davis. They were married in East St. Louis June 16, 1961. The defendant was given her maiden name of Iona Jean Jochman. Desertion was charged in the complaint.

Mary Frances Morgan was awarded a decree against Gerald Lee Morgan on a charge of cruelty, but the custody of two small children was given the defendant. The decree also provides the plaintiff be given her maiden name of Mary Frances Pollard. They were married Feb. 9, 1961, in Cahokia.

The other decree was granted Marcella Grieve against Albert Grieve on a charge of desertion. They were married Oct. 29, 1945, in Wood River.
